

# TAYABA TARIQ

FULL-STACK DEVELOPER

## PROFILE

Passionate and detail-oriented Full Stack Developer with hands-on experience in developing responsive web applications using modern technologies. Currently pursuing a Bachelor's in Computer Science, I bring strong foundational knowledge and practical exposure through internships and real-world projects. Skilled in both frontend and backend development, with a focus on building scalable, maintainable, and user-friendly web solutions. Adept at working in collaborative environments and continuously learning emerging technologies.

## EXPERIENCE

### FRONTEND DEVELOPMENT INTERN

COGNIFYZ TECHNOLOGIES — REMOTE | OCT 2024

- Built and enhanced user interfaces using React.js, focusing on improving UX and performance.
- Collaborated with cross-functional teams to integrate designs and implement new features.
- Gained remote team collaboration experience and improved communication skills.

### FULL STACK DEVELOPMENT INTERN

CORVIT SYSTEMS — ON-SITE | DEC 2024 - MARCH 2025

- Designed and developed full-stack web applications using Node.js, React.js, and Express.js.
- Created and integrated REST APIs to support seamless communication between frontend and backend.
- Utilized MongoDB and MySQL for robust data handling and management.
- Worked on WordPress projects including theme customization and performance optimization.

### ASSOCIATE LAB ATTENDANT

NAVTAC — MARCH 2025

- Supervise lab sessions and assist students with technical problems.
- Provide academic and practical support in areas of software and web development.

## EDUCATION
